

Oxygen Moisture Trap

Trigon oxygen/moisture traps are ideal for use in gas chromatography and GC/MS. These traps utilize a one-piece spun aluminum body and Swagelok™ end fittings. Each fitting incorporates a 40 micron stainless steel frit for particulate control. A regeneration service is offered for the high capacity model.

Specifications

	100cc unit	750cc high capacity
Oxygen reduction	<2ppb	<2ppb
Moisture reduction	<10ppb	<10ppb
Oxygen capacity	450mg	3200mg
Moisture capacity	2gm	15gm
Maximum pressure	250psi	250psi
